

Handmade Tiles

by Keramos Tile & Stone

Keramos Handmade tiles are produced manually by artisans. The clay mixture for the biscuit is made using a hand press to mold the biscuit into shape. The artisan then uses a pottery kiln to fire the biscuit. The biscuit is then glazed by hand to give it its characteristic handmade look. Using unique molds and dyes we can achieve a plethora of shapes and colors.

The Popular Square

Appealing for swimming pools, water bodies & bathrooms

The Chic Subway tile

Initially used in New York's Metro, and in post-modern structures in New York thereafter

The Beveled Subway tile

The authentic 1890's parisian metro tiles.

Features of Keramos Handmade Tiles:

1. Please note carefully Variations in color, shade, surface texture and **size and thickness +2mm are** natural characteristics of all KERAMOS products and should be expected.
2. All Handmade tiles, are Handcrafted and /or Kilnfired. They will have color variation from lot to lot, and also within the lot.
3. Laying can be done using 3mm to 6mm grout. Good for water bodies
4. High fired Glaze is UV resistant and will not fade in sunlight
5. Low water absorption means high strength so tile will not fade or warp.
6. This is a Handmade made tile so it has got color/size variation, high strength, no danger of convexity, concavity or breakage.

Production Process for Keramos 'Azul Series' Handmade tile

Keramos Handmade tiles are produced manually by artisans. The clay mixture for the biscuit is made using a hand press to mold the biscuit into shape. The artisan then uses a pottery kiln to fire the biscuit. Hand pressed and hand cut into various shapes, the Azul series handmade tile is glazed by hand and fired to create a distinctly hand crafted look. The biscuit is then glazed by hand to give it its characteristic handmade look. Using unique molds and dyes we can achieve a plethora of shapes and colors. Craftsmanship and tradition is revived by KERAMOS to give you beautifully handcrafted, high quality tiles for bathrooms, kitchens and swimming pools, with a sophisticated color palette and unique shapes.
